

Save the date

The Swedish Union of Civil servants (Fackförbundet ST) are visiting LTU Kiruna campus and IRF 14-15 October.

In the afternoon of October 14 there will be an information about union membership and the unions role at the University. Coffee and cake will be served at the information.

On October 15, popular scientific presentations will be held by

- Dr. [Urban Brändström](#), Scientist, Head of Observatory at Swedish Institute of Space Physics (IRF)
- Prof. [René Laufer](#), Chaired Professor and Head of subject Space Systems at Luleå University of Technology (LTU)
- Prof. [Axel Hagermann](#), Chaired Professor and Head of subject Atmospheric Science at Luleå University of Technology (LTU)

Lunch will be served after the presentations for those who have registered to participate physically in Kiruna

Anmälan och inbjudan kommer senare, mer info på vår webb
